THE ROARING TWENTIES

Fueled by a post-war excitement for life, the 1920s was a decade hallmarked by rapid growth which ushered in a wave of new lifestyle and cultural trends. Among these new trends were live jazz, dances such as the Charleston and the Shimmy and wild, lavish formal parties featuring flapper dresses and dinner jackets.

Now, 100 years later, we find ourselves in a similar place. After social distancing, we are again navigating the '20s with a shared desire to make the very most of our time together. That means dressing for the occasion and having the most fun possible while doing it.

Let's get this party started.
